Allows the user to make use of vertical height

- costly floors space is maximised.

Allows the user a myriad of internal component combinations dependant on the storage application.

Internal components can be simply adjusted to any time making use of multiple setting options on the side of cabinet.

A variety of finish options are available to enhance the overall aesthetic of The area in which the cabinets are being installed.

- wooden finishes

- metal finishes

- handle options

Full height lockable doors can be used either on a free standing unit or on the single bay at the end of a high density filing system

*High Density Cabinets*

### Standard Shelf

The shelf accommodates 11 lever arch files or 10 A4 containers filed laterally. 5 shelves per bay offers six filing openings. 66 lever arch files per bay. 7 shelves for A4 containers offers 8 filing openings. 80 containers per bay.

### A4 Pull-Out Cradle

The A4 Pull-Out Cradle accommodates A4 Suspended Pockets (Hanging Files) hanging from front to back. 5 cradles and 2 shelves per bay.

### Pull-Out Drawer

The Pull-Out Drawer accommodates 9 A4 Containers. It is recommended that no more than 5 Pull-Out Drawers and 2 Shelves are fitted per single bay. The Pull-Out Drawer accommodates 0.95 linear meters of A4 filing, or 9 A4 containers.

### Foolscap Pull-Out Cradle

The Foolscap Pull-Out Cradle accommodates Foolscap Suspended Pockets (Hanging Files) filed from left to right. It is recommended that no more than 5 Foolscap Pull-Out Cradles and 2 Shelves are fitted per single bay. The Foolscap Pull-Out Cradle accommodates 0.95 linear meters of Foolscap filing.

options

**Shelf Wire Rack**

The Shelf Wire Rack is used to hold Lateral Shelf Files in an upright position, or to support Lever Arch Files in an upright position.

**Lockable Shelf Door (Security Cabinet)**

The Lockable Shelf Door (Security Cabinet) is an independently lockable cabinet within a bay.

**Pull-Out Stationery Drawer**

The Pull-Out Stationery Drawer can be used for the storage of stationery, CD's etc. The Pull-Out Stationery Drawer is fitted with a lock as a standard feature.

**Pull-Out Working Shelf**

The Pull-Out Working Shelf is used when referencing documents within the filing bay. The Pull Out Working Shelf should be positioned immediately below a shelf. As a "rule of thumb" only one Pull-Out Working Shelf is required per two filing bays.

## Combo Cabinet

### features

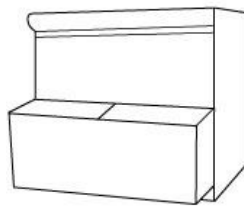

This is a new cabinet designed with filing flexibility as its primary objective. The unique design allows for different filing systems to be housed together. Top retrieval, lever arch files and suspension files can be accommodated together. Available in a variety of melamine and veneer finishes with a range of complimentary handles to match. It is available in a 2 to 5 drawer configuration, and can be custom fitted to the client's specifications and needs.

## Mini

### features

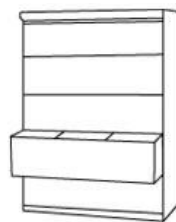

Designed to house the Top Retrieval system, the Mini is available in a variety of melamine and veneer finishes with a range of complimentary handles to match. It is available in a 2 to 6 drawer configuration, and each drawer can hold 2 rows of A4 filing with 5 board/plastic containers per row.

## Quantum

### features

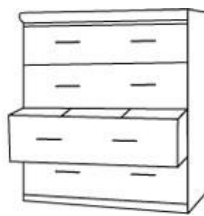

Designed to house the Top Retrieval system, the Quantum is available in a variety of melamine and veneer finishes with a range of complimentary handles to match. It is available in a 2 to 6 drawer configuration, and each drawer can hold 3 rows of A4 filing with 5 board/plastic containers per row.

## Millinium

### features

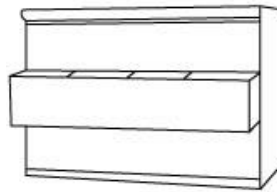

Designed to house the Top Retrieval system, the Millinium is available in a variety of melamine and veneer finishes with metal handles to add a more contemporary look. It is available in a 2 to 6 drawer configuration, and each drawer can hold 3 rows of A4 filing with 5 board/plastic containers per row.

## Quadro

### features

Designed to house the Top Retrieval system, the Quadro is available in a variety of melamine and veneer finishes with a range of complimentary handles to match. It is available in a 2 to 6 drawer configuration, and each drawer can hold 4 rows of A4 filing with 5 board/plastic containers per row.
